ABOUT ME

As a designer at heart I always have the drive to create. In order to better facilitate the creation process I have acquired a wide array of technical skills including an understanding of Tekla, AutoCAD, Revit, and Adobe Illustrator. Adding to these skills, I also have experience in the construction of interior spaces, furniture building, and other production processes. I am a quick study with a passion for learning new processes and techniques.

WORK & EXPERIENCE

STEEL DETAILER

Steele Solutions Inc, October 2016 - Current

Steel Detailing work focused on commercial interior mezzanines. Working closely with engineers and project managers to resolve problems. Creating models in Tekla, production and erection drawings, material ordering and shipping reports.

ARCHITECTURAL DRAFTSMAN

Walters Buildings, March 2016 - September 2016

Drafting construction documents for new steel buildings using AutoCAD. Working with salesman to create preliminary drawings for clients review.

ARCHITECTURAL DRAFTSMAN

Bon-Ton, January 2016 - March 2016

Production work, focusing on creating construction documents for new or renovated stores using AutoCAD. Developing and maintaining store design criteria and specifications.
